

JAC 2018 Distant Auction

Provisional Results as at 18 December

(Please note that this list automatically supersedes all previous lists)

These results remain provisional. There are some ambiguities still to be clarified and a few under-estimate bids are also waiting to be resolved with the sellers.

The results are posted on an "errors and exceptions excluded" basis and are NOT contractual. If any errors are reported, they will be corrected, so please let me know if you spot any.

Updated Results will be posted up here from time to time as matters are resolved. As always, the contractual figures will be those shown in invoices to successful bidders and settlement statements to vendors.
